Programme 2011—2012

What is the Garway Heritage Group?

The Garway Heritage Group (GHG) was created following the success of the Lottery Heritage Initiative funded archaeological investigation into the iron age enclosure on Garway Hill in 2007 and the subsequent publication of the book "Garway Hill through the Ages" in 2007.

The Objectives of the Garway Heritage Group

The Group exists to promote interest in local heritage including the area's history, crafts, traditions and its natural and physical environment and to make its work available to others who may share its interests. Its objectives include:

- To hold monthly evening meetings from autumn to spring with speakers on heritage topics.
- To reach out to all members of the local community to inform them of, and seek to involve them in, Group activities.
- To investigate matters of local heritage interest and to publicise the results of its work;
- To make its work available to other individuals or groups who may share its interests.
