

Good afternoon.

Two items of note from the weekend.

Between 4pm Sunday 10th January and 8am Monday 11th January a white Landrover WJ57VUK was stolen from the one of the care sales premises at the Callow. The vehicle was driven over a small barrier to get out of the car park.

Between 11am Saturday 9th January and 11am Sunday 10th January persons went into a field at Wormelow and knocked over a bee hive, the bee hive was opened and a large number of bees were killed when the frames inside were pulled out and thrown around. The hive was situated in a field on the left hand side of the road between Much Dewchurch and Wormelow, a couple of hundred yards away from The Pines.

If you have any information that may assist us could you please contact us.

Thanks
