

Good Afternoon

Here is this months Newsbeat.

Since the last briefing there has been a couple of thefts reported to us, in **Callow**.

Overnight on Monday 1st March/Tuesday 2nd March two garages were targeted, and six vehicles had catalytic converters removed. Some were brand new vehicles, and the damage caused removing the cats runs into thousands of pounds. There have been no reports recently of private vehicles being attacked, but that's not to say it won't happen, so please be vigilant.

Thank you
